EXPERIENCE

Website & Digital Marketing Manager   03/2020 - PRESENT

Botanicals, Inc.

- Plan, develop, build and maintain website and operations of botanicalsdesign.com (built in Gatsby + Strapi technologies). Tracked website analytics, SEO, keywords, and other interactions with Google Analytics

- Manage Facebook and Instagram social media accounts for several retail locations: planning post calendar and content, and responding to messages and comments, editing infographics and post material

- Manage Email Marketing campaigns, email funnels, customer contact lists, and lead magnets

- Content Creation: photograph locations and products, create informative brochures and pamphlets, write blog posts and email marketing emails

Lot Manager   04/2017 – 08/2020

Botanicals Inc.

- Managed a small team to ensure the retail lot remained stocked and orderly

- Unloaded shipments, made deliveries, built fountains and other yard features, assisted in plantings, and plantscape installations in hospitals, dealerships, etc

- Provided excellent customer service assisting customers with their design choices
